

Protection Plans

Trimble Protected Premium

You buy Trimble® Construction hardware, firmware and software because you know you can count on Trimble equipment to get the job done. Your Trimble equipment comes with a factory warranty that is our promise to you that we stand behind our Trimble products. Because we understand that you may want to continue to use your Trimble equipment beyond the factory warranty period, Trimble offers additional coverage with Trimble Protected Premium protection plans. These plans include FIVE YEARS of Accidental Damage on select hardware, and FIVE YEARS of software and firmware coverage for eligible receivers and data collectors!

No-Worry Protection For Product Failures

The new Trimble Protected Premium is a multiyear plan that supplements the factory warranty to provide you with FIVE years of protection against product failure, environmental damage, wear and tear, protection from surges in Trimble power supplies, drops, falls, liquid spills, broken screens or similar types of accidents. No matter whether you need a warranty-type repair, your instrument broke as the result of an accident or you just want to buy software coverage once and then be worry-free for five years, Trimble has you covered!

Has this happened to you?

- Your employee is driving under a bridge and underestimates the bridge height smashing the dozer receiver. If you had Trimble Protected Premium with Accidental Damage you would know that Trimble Protected is there for you.
- Your employee is operating your bulldozer when the cable to the IMU sensor on the dozer blade is overtaken by material and rocks. It breaks the cable which stops the guidance on the blade. You're in luck, Trimble Protected Premium covers that too!
- Your employee unbolts a receiver from a dozer to safeguard it overnight, but trips while carrying it to a secure location. The receiver is damaged by the drop. If you had Trimble Protected Premium you could be assured that the unexpected wouldn't affect the rest of your project.
- Your employee backs up your truck and doesn't see your SPS total station and tripod behind him and the total station falls to the ground. Trimble Protected Premium will be there to help!

Trimble Protected Plans Protect You from the Hazards of Everyday Work

Benefits

- Trimble Protected Premium is the only plan designed specifically for buyers of new Trimble Construction hardware; it enhances and sustains your entire ownership experience with worry-free coverage
- This five year protection plan costs less than buying a new instrument if it needs to be replaced; locks in tomorrow's repair and replacement costs at today's prices
- Our Trimble Protected Premium coverage entitles you to a new or like-new piece of equipment with comparable features if yours can't be fixed, or if it simply makes more sense to replace it
- Trimble Siteworks software comes with your Trimble Protected Premium protection plan for receivers and controllers. Software protection plans keep your data workflow set running at the highest performance level possible
- It's backed by Trimble Inc. which has earned the reputation of taking care of their customers
- Your protection plan ensures that you pay no deductible and no out of pocket fees for parts and labor on covered repairs or replacement. You keep your cash in your business instead of fixing your equipment
- Having a current Trimble Protected Premium protection plan helps you receive the latest capabilities when using your receiver or controller with your Trimble Siteworks software
- Trimble Protected Premium keeps you running, minimizes unnecessary downtime and improves your overall efficiency

Trimble Protected Premium makes good business sense and is an excellent way to protect your cash flow and minimize the risk of doing business!

Trimble Protected Premium is available for Earthworks excavator, dozer, motor grader, compact machine and compactor systems. 3D Roadworks systems and SPS data collectors, tablets, radio modules, GNSS receivers and total station instruments.

****Don't forget you get an annual preventive maintenance (adjustments & calibration) service in year three, four and five on Trimble total stations!**

Hardware/Firmware/Software

Trimble Protected Premium is available on all the following Earthworks & Roadworks systems and SPS Instruments. Trimble Protected Premium also includes the firmware, Siteworks software, and cables & connectors for Earthworks Systems.

Category	Product Name
Earthworks Excavator System	TD5x0, EC520, MS9x5, SNR930 & 434, SNM94x, TDL450, VM510, MT900, GS5x0, Zephyr 3
Compactor Earthworks System	TD5x0, EC520, MS9x5, CM310, IS310, SNR93x, SNR434, MT900
Roadworks System	AS540, EC520, MT900, SNR2434, TD5x0
Earthworks Dozer System	TD5x0, EC520, MS9x5, SNR930 & 434, SNM94x, TDL450, VM510, MT900, GS5x0, Zephyr 3
Earthworks Motor Grader System	TD5x0, EC520, MS9x5, SNR930 & 434, SNM94x, VM510, MT900, GS5x0, EM410, RS400
Earthworks Compact Machine Systems	TD5x0, EC520, MS9x5, SNR930 & 434, SNM94x, MT900, RS400, GS5x0, LR410
SPS - Data Collectors, Tablets & Radio Modules	TSC7, T7, PANASONIC® Tough Pad 7, EM100, EM110, EM111, EM112, TSC5, T100, TDC600, TDV600v2
SPS - GNSS Receivers & Firmware	SPS785
SPS - Total Stations	SPS620, SPS720, SPS730, SPS930

Important Information

- Repairs and replacements are unlimited for Earthworks On Machine System components. SPS instruments have unlimited repairs and can be replaced one time. After one replacement, the SPS hardware protection plan ends. Data collector users can transfer Trimble Siteworks software to a new instrument. The software portion of the plan continues to the expiration of the protection plan.
- Replaced instruments come with a factory warranty; a Trimble Protected Premium plan can be repurchased on SPS instruments to continue coverage
- Abuse is not covered by the plan
- Instruments with cosmetic damage like dings, dents, scratches, etc. that function normally are not covered
- Trimble Protected Premium does not cover lost or stolen instruments
